Below and attached please find a standard access agreement, which allows us to access the property in Lac du Flambeau, WI for sampling and well installation purposes.

Kristen Hanson from LDF informed me that she has spoken to you about accessing the property as part of our partnered investigation activities. I know that you have an agreement with the LDF Tribe which provides them access. Although we are working with the Tribe to investigate the Tower Standard site and nearby properties, we would also appreciate obtaining our own access agreement.

Please let me know if you have any questions about the agreement. I appreciate your cooperation and attention to this matter.

Bob
